What is Love and Logic® All About?

Since 1977, the Love and Logic Institute has been dedicated to making parenting and teaching fun and rewarding, instead of stressful and chaotic. We provide practical tools and techniques that help adults achieve respectful, healthy relationships with their children and help them prepare their kids for the real world. All of our work is based on a psychologically sound parenting and teaching philosophy called Love and Logic.

For more information about the Love and Logic approach call 800-338-4065 or visit our website at www.loveandlogic.com.

Learn how to:

- Put an end to arguing, back talk and begging.
- Teach responsibility without losing their love.
- Set limits without waging war.
- Avoid power struggles.
- Guide kids to own and solve their problems.
- Teach kids to complete chores without reminders and without pay.

Love allows children to grow through their mistakes. Logic allows them to live with the consequences of their choices.

Facilitators of the Parenting the Love and Logic Way™ curriculum are independent and are not employees of the Love and Logic Institute.

MAXimizing Families, LLC is comprised of trained independent facilitators for “Parenting the Love and Logic Way™” curriculum developed by the Love and Logic® Institute. We believe in MAXimizing your family to reach its full potential! The techniques taught in this class will give you the tools needed to lead a fun and energetic family lifestyle. Are you a grandparent, family member, or provider to parents/youth? Learning these techniques will help you better support the families you care about.
